Human Services  
Title IV-E Foster Care Maintenance, Administrative and  
Training Agreement**

This AGREEMENT is made and entered into this 4th day of December, 2007, and is amended on the 2nd day of December, 2010 by and between the Leech Lake Band of Ojibwe (hereinafter "the band"), a sovereign nation, 115 Sixth Street NW-Suite E Cass Lake, Minnesota 56633, and the Minnesota Department of Human Services (hereinafter "the department"), a state agency, PO Box 64943, St. Paul, Minnesota 55164-0943.

WHEREAS: 25 United States Code (USC) §1901 *et. seq.*, also referred to as the Indian Child Welfare Act, authorizes states and Indian tribes "to enter into agreements with each other respecting care and custody of Indian children." Both parties agree that this document is bound by the law, intent and spirit of the Indian Child Welfare Act.

WHEREAS: 42 USC 672 (a)(2), also referred to as Title IV-E, section 472(a)(2) of the Social Security Act, allows the transfer of responsibility for the placement and care of children from the state agency administering the state Title IV-E plan to another public agency. This agreement shall enable the band's Child Welfare Department, a public agency within the meaning of the law, to submit Title IV-E foster care maintenance claims on behalf of children eligible for the American Indian Child Welfare Initiative pursuant to Minn. Stat. § 256.01, subd. 14b and on behalf of the children who are under the legal and financial responsibility of the band.

WHEREAS: Title IV-E, Section 472 (i) and Section 474 (a) of the Social Security Act allow for the reimbursement of eligible administrative and training claims made on behalf of children placed in foster care, pre-adoptive families or candidates for foster care. This agreement shall enable the band to submit Title IV-E administrative and training claims to the department for reimbursement for all Leech Lake children under the band's jurisdiction.

WHEREAS: Leech Lake Band of Ojibwe is a federally recognized sovereign nation established by treaty with the United States in 1855.

WHEREAS: The State of Minnesota, pursuant to Minn Stat. 16C.05, subd. 7, shall not require an Indian tribe or band to deny their sovereignty as a requirement or condition of a contract with the State or agency of the State.

WHEREAS: The Minnesota Department of Human Services is the state agency responsible for the administration of the state Title IV-E plan.

WHEREAS: The department recognizes and respects the authority of the band to place and care for children under the jurisdiction of the Leech Lake Band of Ojibwe Tribal Court.

**WHEREAS:** This agreement must be in effect before the Leech Lake Band of Ojibwe assumes financial responsibility for the cost of out-of-home placement for children eligible for the American Indian Child Welfare Initiative. The American Indian Child Welfare Initiative provides a grant award to the Leech Lake Band of Ojibwe for the purpose of assisting the band in providing child welfare services to American Indian children residing on the Leech Lake Reservation.

**WHEREAS:** This agreement allows the Leech Lake Band of Ojibwe access to federal funding pursuant to Title IV, Part E of the Social Security Act.

**WHEREAS:** This agreement is necessary to establish a mechanism to enable Minnesota counties to obtain federal Title IV-E foster care maintenance reimbursement for the cost of out-of-home placements for children not eligible to participate in the American Indian Child Welfare Initiative when such costs are paid by the county and when such placements are ordered by the Leech Lake Band Tribal Court.

**WHEREAS:** The parties to this agreement understand and agree that the state and its agents, in its supervisory role, and the counties in their administrative role, are required to comply with the mandates of the federal Indian Child Welfare Act and the Minnesota Indian Family Preservation Act. Each agrees that in tribal court proceedings involving Indian children who are members of the Leech Lake Band of Ojibwe, or recognized as members by the Leech Lake Band of Ojibwe. The best interests of the child(ren) must be determined consistent with the Leech Lake Band of Ojibwe Children's Code and Title IV, Part E of the Social Security Act.

**WHEREAS:** The department understands that the federal government is bound to the Trust Responsibility Doctrine, and that, by entering this agreement, the department is carrying out a program of the federal government. Nothing in this agreement shall abrogate that trust responsibility. *See Cherokee Nation v. Georgia, 30 U.S. 1 (1831) (analogizing the government-to-government relationship between tribes and the federal government as a trust relationship with a concomitant federal duty to protect tribal sovereignty).*

**WHEREAS:** This agreement shall be utilized to facilitate intergovernmental cooperation; to allow the band to provide for the best interests of Leech Lake children under the jurisdiction of the Leech Lake Band of Ojibwe Tribal Court, children placed voluntarily into foster care and foster care candidates; to meet the policy goals established by the Leech Lake Band of Ojibwe for its children; to comply with the federal Title IV-E program regulations; and to meet the requirements for participating in the American Indian Child Welfare Initiative.

**NOW THEREFORE, it is further agreed:**

**I. Parameters of Agreement**

This agreement replaces individual county substitute care supervision agreements signed with the band. This state tribal Title IV-E agreement provides a mechanism to enable all

Minnesota counties to obtain eligible federal Title IV-E foster care maintenance reimbursement for the cost of out of home placements for children not eligible for the American Indian Child Welfare Initiative when such costs are paid by the county and where such placements are ordered by the Leech Lake Band of Ojibwe Tribal Court. Furthermore, the agreement supports meeting the needs of Leech Lake children who are under the jurisdiction of state district courts in Minnesota.

The department recognizes the responsibility of the state and local social service agencies to make available to Indian families all of the other services available to any other family in the circumstances covered by the Tribal State Agreement (February 22, 2007). The parties agree that orders of the Leech Lake Tribal Court concerning the placement of an Indian child shall have the same force and effect as orders of a state district court in compliance with 25 U.S.C. 1911 (d), which requires each state to give full faith and credit to the public acts, records and judicial proceedings to the same extent that the state or county gives full faith and credit to public acts, records, and judicial proceedings of any other entity. The exercise of tribal court jurisdiction does not mean withdrawal, decrease, or denial of county social services.

Direct payments made by the band for foster care are limited to Leech Lake children under the jurisdiction of the Leech Lake Tribal Court or voluntary placement and identified by the band as eligible participants in the American Indian Child Welfare Initiative or for any other children for whom the band has assumed legal and financial responsibility. This agreement shall not affect the state's rights and responsibilities concerning Leech Lake children who are in the state's care under jurisdiction of the state district court, or otherwise identified as ineligible for participation in the Leech Lake American Indian Child Welfare Initiative.

For children who are ineligible for the American Indian Child Welfare Initiative but recognized as eligible for membership under ICWA with Leech Lake, this agreement serves to protect such children's eligibility under Title IV-E so that a county, the band or the department may claim Title IV-E reimbursement.

## II. Tribal Jurisdiction

The department agrees that the band retains all jurisdiction and authority over placement and care responsibility for children within its jurisdiction, and will designate the services to be provided, by order of the Leech Lake Band of Ojibwe Tribal Court. The Leech Lake Band of Ojibwe Tribal Court has jurisdiction to make decisions for Indian children who:

- A. Are recognized by the Leech Lake Band of Ojibwe as members of the Band and are residents of, or domiciled on the Leech Lake Band of Ojibwe reservation; or
- B. Are eligible for membership under the Indian Child Welfare Act with the Leech Lake Band of Ojibwe, not necessarily residing within the boundaries of the Leech Lake reservation, upon transfer of child welfare proceedings from state district court; or
- C. Are deemed to be wards of Tribal Court and thus fall under the exclusive jurisdiction of the Tribal Court.
- D. Are otherwise subject to the jurisdiction of the Leech Lake Band of Ojibwe Tribal Court as set forth under Title III of the Leech Lake Band of Ojibwe Judicial Code.

III. Foster Care Maintenance Payments for Children Eligible for the American Indian Child Welfare Initiative or Who are Under the Legal and Financial Responsibility of the Band

The band shall make foster care maintenance (including difficulty of care) payments on behalf of children under the legal and financial responsibility of the band, including those participating in the American Indian Child Welfare Initiative according to 45 Code of Federal Regulation (CFR) 1355.20 (a), Minn. Stat. § 256.82 subd. 2-5, Minn. Stat. § 256.01, subd. 14b and Minn. Rules § 9560.0650, 9560.0653, 9560.0654, 9560.0665.

A. Difficulty of care rates shall be determined according to Minnesota Rules Chapter 9560 and documented with the department's Difficulty of Care Assessment Schedule form DHS-2834-ENG (05-06) and forms developed by the band.

B. The federal Title IV-E reimbursement for eligible foster care payments shall be distributed by the department to the band.

IV. Payments of Foster Care

When a child is enrolled in or is recognized by the Leech Lake Band of Ojibwe as a member or eligible for membership and is residing within the Leech Lake Reservation; under the jurisdiction of the Leech Lake Band of Ojibwe Tribal Court or in a placement pursuant to voluntary placement agreement with Leech Lake Child Welfare; placed in foster care and therefore determined eligible to participate in the American Indian Child Welfare Initiative, the band shall make foster care maintenance payments on behalf of the child. When a child placed in foster care is not eligible to participate in the American Indian Child Welfare Initiative, but is under the legal and financial responsibility of the band, the band shall make foster care maintenance payment on behalf of the child. If the child is Title IV-E eligible and associated foster care costs are reimbursable, this agreement allows the band to submit Title IV-E claims to the department. The department shall provide the band with a procedure manual for submitting federal claims to the department along with training and on-going consultation and in return the band agrees to follow the established departmental procedures for submitting Title IV-E claims. The department shall submit Title IV-E claims to the United States Department of Health and Human Services (DHHS) on behalf of the band.

V. Foster Care Maintenance Payments for Children Not Eligible for the American Indian Child Welfare Initiative and Outside the Legal and Financial Responsibility of the Band

For children under Leech Lake Tribal Court jurisdiction but ineligible for the American Indian Child Welfare Initiative, foster care maintenance payments under this agreement shall be equal in amount to the payments Minnesota counties would make for the child(ren) if they were under the jurisdiction of the county according to Minn. Stat. § 260.771, subd. 4.

A. When a Child in Need of Protection (CHIPS) petition is filed in Tribal Court, the county in which the child (ren) resides will receive notice and is the county of financial responsibility.

B. The Minnesota Unitary Residence and Financial Responsibility Act, codified at Minnesota Statutes, Chapter 256G, apply in determining the county of financial responsibility for children not eligible for the American Indian Child Welfare Initiative

and when Leech Lake Tribal Court exercises jurisdiction. Financial responsibility to provide services to child(ren) and their families who are subject to Tribal Court jurisdiction is delineated in DHS Bulletin #07-68-08 (June 28, 2007).

#### VI. Tribal Federal Medical Assistance Percentages (FMAP)

Section 474(a)(1) of the Social Security Act authorizes tribes who possess an agreement with a state to operate part of the Title IV-E program to claim Title IV-E foster care maintenance reimbursement based on a federally determined tribal FMAP. DHHS determines a tribe's unique FMAP in accordance with section 479B(d) of the Social Security Act. Upon mutual agreement between the band and the department to use the Tribal FMAP in place of the state FMAP rate, the band and the state will work collaboratively to ensure that the band is able to claim federal Title IV-E foster care maintenance using the specified rate.

#### VII. Foster Care Definition

Foster care shall be defined as 24-hour substitute care for child(ren) placed away from their parent(s) or guardians and for whom the band or county has placement and care responsibility. In circumstances when a child is not placed away from their parent or guardian but from an Indian custodian as defined by the Indian Child Welfare Act, the federal specified relative criteria will be applied in order to determine Title IV-E eligibility. The band and department will interpret the specified relative criteria as inclusive of tribal law and custom. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions, pre-adoptive homes, and effective October 1, 2010, for youth ages 18-21, supervised independent living settings approved by the tribe. A child is in foster care in accordance with this definition regardless of whether the foster care facility is licensed by the state or by the band, and payments are made by the band or local agency for the care of the child(ren), whether adoption subsidy payments are being made prior to the finalization of an adoption, or whether there is federal matching of any payments that are made. A child must be removed from his or her home by court order or voluntary placement agreement. [(45 CFR § 1355.20 (a))]

#### VIII. Services

The band will provide the following services to all children in foster care under the Leech Lake Band of Ojibwe Tribal Court's jurisdiction in compliance with section 475(1) and (5) of the Social Security Act, and 45 CFR §1355, 1356, and 1357.

A. Case plan. The case plan must be designed to achieve placement in the most family-like setting possible, and in accordance with Leech Lake Band of Ojibwe placement preference, reference to tribal law; consistent with the child's best interests and special needs; and shall comply with 45 CFR § 1356.21 (g) (1).

B. The case plan shall be a written document that is a discrete part of the child's case record and in a format jointly approved by the department and the band. The case plan must be developed no later than 60-days from the time the band assumes legal responsibility for placement and care of the child (ren). According to 45 CFR § 1356.21 (g)(1)-(3) the case plan shall be developed jointly with the parent(s) or guardian of a foster child and shall include the following:

- 1) A description of the foster home or residential setting where the child (ren) is to be placed, an explanation of why the placement is appropriate, and how the band plans to implement judicial requirements. All judicial determinations are to be made in accordance with the Leech Lake of Ojibwe Children's Code and in accordance with 45 CFR §1356.21;
- 2) An explanation of the efforts that were offered and made to prevent the need for removal of the child (ren) from their home;
- 3) A description of the care and services the child(ren) will receive in the foster home, both to meet the needs of the child(ren) while in foster care, and to document what steps have been made toward achieving the permanency goal;
- 4) A description of the services that the child (ren) and their parent(s) will receive, with the objective of allowing the child (ren) to return home;
- 5) A discussion of why the care and services provided to the child (ren) under the plan are appropriate;
- 6) A written description, when a child reaches the age of 16, of the programs and services which will help the child(ren) to prepare for the transition from foster care to independent living; and
- 7) Include, to the extent available, the health and education records of the child (ren) which include,
  - a) The names and addresses of the child (ren) health and education providers;
  - b) Their grade level performance;
  - c) Their school record;
  - d) Assurances that the child (ren) placement in foster care takes into account the proximity to the school in which the child (ren) is enrolled at the time of placement;
  - e) A record of immunizations;
  - f) Any known medical problems;
  - g) Any medications;
  - h) Any other relevant health and education information determined to be appropriate by the band.

C. Case review system. The band will maintain a case review system that complies with 45 CFR §1356.21 (f) that ensures:

- 1) The status of each child is reviewed no less frequently than once every six months, through either judicial or administrative review; .
- 2) The placement is still necessary and appropriate, and the case plan is followed and relevant to the child (ren) permanency plan, progress is made toward eliminating the need for foster care, and a likely date is established by which the child (ren) will either be returned home or placed for adoption, legal guardianship or an alternative planned permanent living arrangement;
- 3) If the administrative review method is used, it must be available to the child (ren) parent(s), and be conducted by a panel of appropriate persons; at least one of whom is not responsible for case management or services for the child(ren) or the parent(s);
- 4) A permanency hearing is held in Tribal Court at least every 12-month after the original placement; and every 12-month thereafter until the band no longer has

placement and care responsibilities for the child (ren). At the permanency hearing the Tribal Court will determine whether the child should:

- a) Be returned to the parent(s);
- b) Be placed permanently with a relative;
- c) Be referred for legal guardianship;
- d) Be adopted through an open adoption or cultural adoption with a petition filed to suspend parental rights;
- e) Be placed for adoption with a petition filed to terminate parental rights;
- f) Be placed into another planned permanent living arrangement when compelling reasons exist that none of the other options listed would be in the best interest of the child (ren).

D. Foster Care to Age 21. Effective October 1, 2010, for purposes of out of home placement, the band agrees to advise youth in foster care under Leech Lake Tribal Court jurisdiction who are not able to return home or otherwise achieve permanency prior to age 18, of the availability of continued care benefits up to age 21, provided that the youth meet the following conditions:

- 1) Completing secondary education or a program leading to an equivalent credential
- 2) Enrolled in an institution that provides postsecondary or vocational education
- 3) Participating in a program or activity designed to promote or remove barriers to employment
- 4) Employed for at least 80 hours per month, or
- 5) Incapable of doing any of the activities describes above due to a medical condition.

The band agrees to offer notification of foster care benefits at least 90 days prior to a youth's 18<sup>th</sup> birthday. If a youth does not wish to remain in extended care, the band will work with the youth to develop and execute a personalized transition plan (as outlined in section 475(H) of the Social Security Act) during the 90 day period immediately prior to their discharge.

#### IX. Procedural Safeguards

The band shall apply procedural safeguards with respect to parental rights pertaining to the removal of the child(ren) from the home of their parent(s), to a change in the child(ren) placement, and to any determination affecting visitation privileges of parent(s) in accordance with 42 USC § 675 (5) (c).

#### X. Judicial Safeguards

Children in foster care who are subject to Leech Lake Tribal Court will receive the following judicial safeguards in accordance with 45 CFR §1356.21.

A. The band will make reasonable efforts to maintain the family unit and prevent the unnecessary removal of child (ren) from their home, as long as the child (ren) safety is assured, to effect the safe reunification of the child (ren) and family (if temporary out-of-home placement is necessary to ensure the immediate safety of the child (ren)); and to

make and finalize alternative permanency plans in a timely manner when reunification is not appropriate or possible;

B. Judicial determination of reasonable efforts will be made to prevent the child (ren)'s removal from the home;

C. When child(ren) are removed from their home, the judicial determination as to whether reasonable efforts were made, or were not required to prevent the removal, must be made no later than 60-days from the date the child(ren) is/are removed from their homes;

D. Under section 472 (a) (I) of the Social Security Act, a child (ren) removal from the home must have been the result of a judicial determination (unless the child was removed pursuant to a voluntary placement agreement) to the effect that continuation of residence in their home would be contrary to their welfare, or that placement would be in their best interest. The contrary to welfare determination must be made in the first court ruling that sanctions (even temporarily) the removal of the child (ren) from their home. If the determination regarding contrary to the welfare is not made in the first court ruling pertaining to removal from the home, the child (ren) is not eligible for Title IV-E foster care maintenance payments for the duration of the stay in foster care.

E. Judicial determination of reasonable efforts to finalize the permanency plan that is in effect (whether the plan is reunification, adoption, legal guardianship, placement with a fit and willing relative, or placement in another planned permanent living arrangement) must be made within 12-months of the date the child (ren) is/are considered to have entered foster care, and at least once every 12-months thereafter while they remain in foster care.

F. When aggravated circumstances are determined by Leech Lake Band of Ojibwe Tribal Court, reasonable efforts to return the child(ren) home are not required. However, a permanency hearing shall be held within 30-days. Aggravated circumstances exist when a court of competent jurisdiction has determined that the parent has been convicted of voluntary manslaughter of another parent; or aiding or abetting, attempting, conspiring, or soliciting to commit such a murder or such a voluntary manslaughter; or a felony assault that results in serious bodily injury to the child (ren) or other child (ren).

G. When a child has been in foster care for 15 of the past 22 months, the band may elect to file or join a petition to terminate parental rights unless there is documentation of compelling reasons in the case file.

H. Compelling reasons to not file a Termination of Parental Rights include but are not limited to: adoption, not being the appropriate permanency goal for the child(ren), or no grounds to file a petition to terminate parental rights exist; or the band has not provided services to the family, consistent with the time period in the case plan, such services that the band deems necessary for the safe return of the child(ren) to their home when reasonable efforts to reunify the family are required.

I. If after considering reunification, adoption, legal guardianship, or permanent placement with a fit and willing relative, the most appropriate permanency plan for the child (ren) is placement in another planned permanent living arrangement, the band will document the compelling reason for the alternate plan. Examples of compelling reasons for establishing such a permanency plan may include: An older teen who specifically requests that emancipation be established as their permanency plan; a parent and child(ren) who have a significant bond but the parent is unable to care for the child(ren) because of an emotional or physical disability, and the child(ren) foster parent(s) have committed to raising them to the age of majority, and to facilitate visitation with the

disabled parent; or the band has identified another planned permanent living arrangement for the child(ren).

J. The placement resource must either be licensed by the department, the band, or a licensed child placement agency. Foster and adoptive homes licensed by the band must meet the federal documentation and safety requirements set forth in the Indian Child Protection and Family Violence Act, 25 USCA § 3201 *et. seq.* Foster care placements must be in compliance with 45 CFR §1356.30 and P.L. 109-248, commonly referred to as, the Adam Walsh Child Protection and Safety Act of 2006.

#### XI. Full Faith and Credit

"The United States, every state, every territory or possession of the United States, and every Indian tribe, shall give full faith and credit to the public acts, records, and judicial proceedings of an Indian tribe applicable to Indian child custody proceedings to the same extent that such entities give full faith and credit to the public acts, records, and judicial proceedings of any other entity." 25 USC §1911(d). "The Department recognizes its responsibility to adhere to this mandate." (*Tribal State Agreement, February 22, 2007*)

XII. Voluntary Foster Care Placement For a child removed from his/her home under a voluntary placement agreement, the band must meet the requirements of Title IV, Part E, Section 422, 472 and 475 of the Social Security Act, 45 CFR §1356.21 (f)-(i) and 45 CFR §1356.22.

A. The written voluntary placement agreement, binding all parties to the agreement, which specifies at a minimum the legal status of the child(ren) and the rights and obligations of the parent(s) or guardian(s), the child(ren), and the band while the child(ren) are in placement.

B. The band shall establish and maintain a uniform procedure or system, consistent with state law, for revocation by the parent(s) or guardian(s) of a voluntary foster care placement agreement and return of the child (ren).

C. Federal reimbursement may be claimed only for voluntary foster care maintenance expenditures when the child (ren) are determined Title IV-E eligible and the judicial determination of best interest is made within the first 180 days of the child's placement in foster care, unless there is a judicial determination by the Tribal Court within the first 180 days of such placement, to the effect that the continued voluntary placement is in the best interest of the child(ren).

#### XIII. Foster Care Standards

The band shall establish and maintain standards for foster family homes, adoptive homes, and child care institutions for children under the jurisdiction of the Leech Lake Band of Ojibwe Tribal Court. The standards so established shall be applied by the band to any foster family home, pre-adoptive home, or child care institution, and will meet Title IV-E requirements so federal reimbursement can be claimed on behalf of children placed in tribally licensed facilities.

A. The band shall establish procedures for criminal records checks for any prospective foster or adoptive parent(s) before they can be approved for placement of a child.

- 1) In any case in which a criminal record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children (including child pornography), or for a crime involving violence, including rape, sexual assault, or homicide, approval shall not be granted.
  - 2) If a criminal record check reveals a felony conviction for physical assault, battery, or a drug-related offense, and the felony was committed within the past 5-years, such final approval shall not be granted.
- B. No exception may be granted to the above prohibitions except if a family foster home was certified or an adoptive home was approved prior to November 19, 1997, the band may place additional children in the home, renew the family's foster home certificate, or approve the home as an adoptive placement so long as the band has determined the following:

- 1) Denial of the renewal or adoption application would result in the disruption of a child (ren)'s placement or prevent future foster care or adoptive placements of the child (ren)'s siblings:
- 2) The certification, adoption or licensing file for the foster family, adoptive family or relative placement, contains documentation that safety considerations with respect to the foster family, adoptive family, relative or caretakers(s) have been addressed.

#### XIV. Adoption

The Leech Lake Band of Ojibwe Tribal Court can order, according to tribal law, that the child (ren) can be adopted without a Termination of Parental Rights. When this occurs, all parties must agree that the requirements of the Social Security Act 473 (c)(I) will be satisfied so long as the band's law remains in effect, and the Leech Lake Band of Ojibwe Tribal Court order has documented valid reasons why the child(ren) cannot, or should not, be returned to their home. (See, Administration for Children and Families Policy Announcement ACYF-CB-PA-01-01);

A. The department shall enter into a Title IV-E Adoption Assistance Agreement with adoptive parent(s) who adopt child (ren) under the jurisdiction of the band when the child (ren) meet(s) the eligibility requirements for Title IV-E Adoption Assistance.

B. The placing agency will certify that the child (ren) is/are eligible for adoption assistance according to rules promulgated by the commissioner. The placing agency shall not certify any child (ren) who remain(s) under the jurisdiction of the sending agency pursuant to Minnesota Statutes, section 260.851, article 5, for state funded Adoption Assistance when Minnesota is the receiving state.

C. The adoption assistance rates shall be determined by Minnesota Rules Chapter 9560 and Minn. Stat. § 259.67. Special needs qualifications shall be defined by the department in communication and cooperation of the band. The Tribe may elect to use additional forms that are culturally appropriate in addition to the aforementioned documentation.

#### XV. Interstate Compact on the Placement of Children

For the purposes of the county or state's financial contribution under this agreement for placement of youth in foster care, the band agrees to accept children from out-of-state only if they are placed according to the procedures outlined in the Interstate Compact on the Placement of Children (ICPC). The parties understand and agree that the band is not

legally bound to enter into the ICPC when accepting out-of-state placement of Indian children into the state, but if the band accepts any child (ren) without an ICPC agreement, the county or state will not participate financially or otherwise in the care of that child. For the purposes of the county's financial contribution under this agreement for placement of youth in foster care, the band agrees to send or place child (ren) from the state of Minnesota to another state only if they are placed according to procedures outlined in the ICPC. The parties understand and agree that the band is not legally bound to enter into the ICPC when sending or placing child (ren) from the band into another state from the state of Minnesota, but if the band sends or places a child without an ICPC agreement, the county will not participate financially or otherwise in the care of that child. Only if a child (ren) continues under the jurisdiction of another government outside the band and the state of Minnesota does the ICPC apply.

#### XVI. Dispute Resolution

In the event a disagreement regarding federal Title IV-E program requirements occurs between the band, the department and/or the county, the band (American Indian Child Welfare Initiative) or the county (Non-American Indian Child Welfare Initiative) retains financial responsibility until the issue is resolved and appropriate adjustments have been made. The parties further agree to utilize Tribal State Agreement (02/22/07) for resolving the dispute.

#### XVII. Title IV-E Foster Care Eligibility Determination Responsibility

The band shall assume responsibility for determining Title IV-E foster care eligibility for children participating in the American Indian Child Welfare Initiative and for any other children under the band's legal and financial responsibility.

Title IV-E foster care eligibility determinations for children not identified in the previous paragraph shall remain the responsibility of the county of financial responsibility.

The band shall assume responsibility for determining and re-determining federal Title IV-E foster care candidacy and adoption assistance eligibility for child (ren) under Tribal Court jurisdiction.

Reimbursement for allowable Title IV-E administrative and training costs for Leech Lake children under the jurisdiction of the Leech Lake Tribal Court, or in placement pursuant to a voluntary placement agreement with Leech Lake Child Welfare or foster care candidates shall be accessed through the Social Services Administrative Tribal Time Study (SSATTS) and made available to the band after the following A-G steps have been completed.

- A. A time study and software application has been developed by the department;
- B. Leech Lake Child Welfare staff has received training; and
- C. A cost allocation plan developed by the department has been submitted for federal approval.

- E. The department will conduct periodic evaluations of the band's implementation of the terms of this agreement for the purpose of determining whether the band is in compliance

with the federal standards pertaining to foster care. The evaluation shall be conducted in a manner that does not interfere with the band's administration of foster care placement for Indian child (ren) within the tribe's jurisdiction;

F. Reviews will consist of department sponsored case reviews for the purpose of preparation for an upcoming federal review, and routine case consultations by the department as requested by the band. The department and the band will develop a mutually agreed upon quality assurance program to ensure on-going compliance with federal requirements.

G. The band and the department will consult with the counties to develop a process for the timely sharing of information necessary to implement this agreement.
