

## State Innovation Model (SIM)

June 30, 2014

---

Correction: An earlier headline should have said "Ely community care team improves outcomes"

### [New timeline for Accountable Communities for Health grants](#)

A revised timeline for the Accountable Communities for Health (ACH) grants has been released. Please visit the [SIM MN](#) website for details and additional information about Accountable Communities for Health within the [Minnesota Accountable Health Care Model](#).

---

### [Improving Care, Ensuring Patient Privacy: Hennepin Health Data-Sharing Case Study](#)

This case study looks at some of the lessons Hennepin Health has learned regarding patient consent and sharing common electronic health record across providers, health plan and social services. One key lesson was that patient consent wins. Directly obtaining written consent from a patient to share data often allows programs to bypass the legal complexities of integrating health care and social service data, according to the case study.
