Privacy, Security and Consent Management for Electronic Health Information Exchange Grant Program

The Minnesota Department of Health (MDH) requests proposals for the Privacy, Security and Consent Management for Electronic Health Information Exchange grant program. The goal of the Privacy, Security and Consent Management for Electronic Health Information Exchange grant program is to support health care professionals, hospitals and health-related settings in using e-health to improve health, increase patient satisfaction, reduce health care costs, and improve access to the information necessary for individuals and communities to make the best possible health decisions. This funding will further support readiness to advance the [Minnesota Accountable Health Model](#) and Accountable Communities for Health.

Up to \$500,000 will be available for up to two 18-month grants for two distinct parts:

- Part A: Review of e-Health Legal Issues, Analysis and Identification of Leading Practice (up to \$200,000 for 18 month grant period)
- Part B: e-Health Privacy, Security and Consent Management Technical Assistance and Education (up to \$300,000 for 18 month grant period)

An optional Informational Call will be held on Monday, October 20, 2014, from 10:00 a.m. –12:00 p.m. Central Time.

Required, non-binding Letters of Intent to Respond are due on Monday, November 3, 2014, by 4:00 p.m. Central Time.

Proposals are due December 5, 2014, by 4:00 p.m. Central Time.

Visit the [Minnesota Accountable Health Model RFPs webpage](#) for more information.
